Curriculum Overview Foundation Stage

2022-23

	Autumn 1	Autumn 2	Spring 1	Spring 2	Summer 1	Summer 2
Topics	All about me!	People Who Help Us	Heroes and Princesses	How does your garden grow!	Adventures near and far!	Mini-beasts and Mega-beasts!
Characteristics of Effective Learning Playing and exploring: - Children investigate and experience things, and 'have a go'. Children who actively participate in their own play develop a larger store of information and experiences to draw on which positively supports their learning. Active learning: Children concentrate and keep on trying if they encounter difficulties. They are proud of their own achievements. For children to develop onto self-regulating, lifelong learners they are required to take ownership, accept challenges and learn persistence. Creating and thinking: - Children develop their own ideas and make links between these ideas. They think flexibly and rationally, drawing on previous experiences which help them to solve problems and reach conclusions.						
General Themes <i>These themes may be adapted at times to allow for children's interests to flow through the provision</i>	All about me A new class a new start. In this topic we will look closely at what makes us different and celebrate those differences together. We will begin to learn about one another in the class, through 'me bags', and discover the rules and expectations of both the school and the classroom. We will look and talk about our families and their importance.	People who help us It's time to celebrate and discover the people who help us, at home, in school and in our community. We will learn about important jobs of our emergency services and the vital roles they play in keeping us safe. We will discover if things have changed, 'medically', over the years and rules we can follow for keeping	Heroes and princesses Let's immerse ourselves into the magical world of heroes and princess and pretend to be our very own characters. We will discover the qualities and traits that make a great hero or princess and discover famous heroes and princess in a range of traditional tales.	How does your garden grow! With the days warming, flora and fauna exploding to life, it is a perfect time to be a gardener. As gardeners we will immerse ourselves into the wonderful world of plants and trees. We will explore the life cycles of different plants and trees, learn their names and have a go at growing our very own gardens.	Adventures Near and Far Let's imagine ourselves to be visitors from another world who have stumbled upon our beautiful blue marble known as Earth. Here we will look closely at the wonderful world, discovering different countries, cultures, climates and wildlife. We will also explore the problems planet Earth	Mini-beasts and Mega-beasts We'll begin by shrinking ourselves down and immersing ourselves into a world of miniature, looking closely at the many different types of amazing insects and animals we find both here and in other parts of the world.

		ourselves safe i.e. fire safety, road safety etc.			faces and how we can help the human race to look after their home. When our job is done we will then discover the beauties of the solar system and the planets which dance around in their orbits. We will also try to understand the role of the sun and its overall importance in the solar system	Next we will become giants and cautiously set foot into a world once owned by mega-beasts... the dinosaurs. We will begin to understand why dinosaurs were classified as carnivores, herbivores and omnivores, and learn their names.
