

History Vision

As historians at St. Mary's Primary School we have an excellent knowledge and understanding of people and events from a range of historical periods. We understand that historical events happened a long time ago. Children develop their understanding of historical events through school and will use words and phrases such as 'old and new, empire, civilisation' and understand concepts such as cause and consequence.

We show independence in our History learning; we are able to think, reflect, debate and discuss historical evidence. We also take responsibility for our own learning by researching historic periods, events and people from the past using different sources of evidence. We are lucky we have access to a wide range of resources and are respectful of historical events beyond and within living memory.

As a result of our exciting curriculum we are passionate about History and engage enthusiastically in learning as it provides constant opportunity for discovery and challenge.
