

# Music Vision

“Music is a world within itself, with a language we all understand.”

Stevie Wonder

At St. Mary's Primary School, we believe that music should be embedded into all aspects of school life. Our aspiration is for children to become 'cultural omnivores', enjoying different genres of music and adopting a lifelong love of music. Music brings many benefits to children. These include developing their listening and communicating skills, creativity, perseverance and the confidence to express themselves musically.

We believe that music is a powerful form of communication that can change the way children think and act.
