PRIORITY 3	Further develop the accountability of subject leaders by continuing to substantiate the changes to wider curriculum.	SEF September 2023 Quality of Ed. Intent	Curriculum Lead Subject Leads	Ofsted 2023: The school should ensure that all teachers know how best to teach knowledge in the subjects they teach, so that all pupils have the opportunity to progress well through the curriculum.
PRIORITY 4	Raising further the quality of teaching and learning across the school so that at all times it is consistently good or better	SEF September 2023 Quality of Ed. Implementation	Phase Leads (Monitored by SLT)	To ensure all teachers are aspiring to the highest expectations for pupil achievement and progress through a rich, engaging, purposeful approach to teaching and learning. As Ofsted 2023 identified: On occasions, some teachers' choice of activities for pupils to complete limits how well pupil's progress through the curriculum. When this is the case, pupils do not always receive opportunities to deepen their knowledge and understanding when they are ready, which can leave them frustrated.
