Dear Parents/Carers

As part of our Personal, Social and Health Education programme we deal with a number of issues, including changing bodies and periods.

We feel that it is important for the girls in Y5/6 to understand about these changes before they are experienced. We therefore will be explaining periods to these girls next week.

You have the right to withdraw your child from the Sex Education and Relationship lessons, where this is not a part of the Science programme. Please inform your class teacher **in writing** if you wish to withdraw your child from this session.

Yours sincerely
